I am applying for the digital content manager position. I believe my relevant experience will make me a very qualified candidate for this job.

My experience includes working for Muskingum University's campus newspaper, The Black and Magenta, where I was a photographer and staff reporter. I also interned as a graphic designer at Glass Axis in Columbus, Ohio. These experiences exposed to working with the news team and enhancing my skills in Photoshop during my internship at Glass Axis.

I also have experience in using InDesign, Photoshop and Adobe Acrobat Reader in several of my classes. In these classes I took photographs of previous issues of the campus newspaper and edited those pictures for archival purposes. I also worked with the campus programming board utilizing my graphic design skills to craft posters for their upcoming events.

I am available for an interview at your convenience; I can be reached by the phone number listed above. Thank you for your consideration.

Sincerely,

Chelsea McCrae
